

New Canadian, Immigrants and Refugees

Do you know any newcomers? They will have many questions and they need lots of information about Winnipeg. This is where the *NEIGHBOURHOOD IMMIGRANT SETTLEMENT WORKER* needs to be contacted. Many areas in Winnipeg has a person whose role includes the following, besides other responsibilities -

- Welcome the family to the area.
- Give them the information they need about English classes, employment agencies, health services etc.
- Make a home visit to meet the family.
- Be a support to families who are having challenges, socially/emotionally/economically.
- Provide resources to the family to assist in their settlement.
- Organize events and programs to help the families settle.

Please feel free to call any time with any questions -
Bernadette McCann, Neighbourhood Immigrant Settlement
Worker - 261 0163

- Funding for this program is provided by Department of Labour and Immigration, Provincial Government of Manitoba
